ABOUT ME

I am a fresh graduate from Bina Sarana Informatika University (UBSI), majoring in Information Systems, with a strong passion for Web Development. During my studies, I gained experience in working with web-based technologies and developed a solid understanding of programming, databases, and information system development. I am highly motivated to keep learning, able to work both independently and in a team, and committed to building a career as a professional web developer while contributing to creating meaningful digital solutions.
